

INTERNATIONAL SCHOOL OF IMMUNOTHERAPY  
NEW YORK - PARIS - SAO PAULO

# EMERGING CONCEPTS IN THE DESIGN OF IMMUNOTHERAPY STRATEGIES

JUNE 17 - 21, 2019

PLEASE REGISTER AT [WWW.IMMUNOSCHOOL.ORG](http://WWW.IMMUNOSCHOOL.ORG)

This intensive international summer course is designed to provide students, fellows, academics and professionals with the means to understand key concepts and cutting-edge advances in the design of current immunotherapy strategies.

We have gathered exceptional immunology and immunotherapy experts throughout the world to discuss novel perspectives in immunotherapy, review the extraordinary development of novel technology to map immune lesions and discuss the transformative impact of immunomodulatory strategies in the treatment of human Cancer, Inflammatory diseases and Infectious diseases.

The lectures, organized into a 5-day course will be provided on site either in France (Sorbonne Universités, Paris), in Brazil (University of Sao Paulo) or USA (Mount Sinai, New York) and transmitted live to all three locations. Lecturers and attendees from the three continents will have the opportunity to discuss live in an open forum.
